 - a. On a tablet / smart phone: when prompted, enter the meeting ID and password. If this is your first meeting, allow Zoom to access your microphone & camera.
 - b. On Computer: Enter meeting ID, press “Join,” then password and “Join.” Always retest your computer audio before joining the meeting. If there are problems, review how to test and adjust audio. (See instructions in above link).
 - c. If you connect, but inadvertently leave the meeting, repeat step 3.a or 3.b. If you can’t connect or reconnect, text **520-981-8800**.
4. Participating; In large meetings, the host mutes all but the presenter, so you can hear but can’t be heard. Don’t “un-mute” yourself. Communicate using “chat” to text or click “Participants” to “raise hand” to request the that the host un-mute you.
5. Adjust Your Screen. Zoom allows you to change your display. **We recommend**:
 - a. View the speaker only rather than all participants: In the upper right corner of display, click on either (1) “Speaker View.” or (2) the single box. 
 - b. At top of display, click on “View Options.” In dialog box, look at “Side by Side.” It should be checked for the teaching, to see both the presenter and the slides. For Adoration, it should be unchecked, to focus on Eucharist.
 - c. When “side by side” is not checked, either the presenter or the slide fills most of the screen. Click on the “box in a box” icon  in the upper right corner to reverse which is larger.
