### *Praise God in All That We Do*

Sometimes our daily tasks become burdensome, and we want to walk away from them. This day of presentations, prayer and reflection will be an opportunity to think about all we do throughout our daily routine and see how each moment of each day is a moment of PRAISE to our gracious and generous God. Ms. Klein will lead us to consider how we count on God's grace and presence to accomplish all that is asked of us in so many ways.
